**FLYING GATOR** Steve Richey went airborne in an attempt to slide into base safely Friday during the Sectional game Glades Day lost, 7-4. The Gator baseball team

compiled a total record of 23 wins and two losses, losing only their second game of the season against the Tampa team that goes to the state playoff today. See story inside.

## But summer school rougher for rest

## Some students progress

**BELLE GLADE--** A Palm Beach County West Area school official expressed satisfaction Tuesday on the decrease of failures of students in the first three grades of school to pass standardized tests but said the schools still have work to do in the fourth through tenth grades.

Dr. Walter Locke, a school

planner who works in the West Area office, said standardized tests given this year for the county-wide Pupils Progression Plan show a distinct break at the fourth grade but he hopes a combination of teaching the children to take tests and summer school will have some effect.

Locke noted that in virtually every elementary school in the Glades which houses children in the first through third grades, the failure rate declined dramatically between the time the students took the first test on Nov. 2, 1977 and the time they took the second test on April 25.

Students in the fourth grade, however, actually showed an increase in the failure rate in the second testing and Locke said the difference is that in the fourth grade, for the first time, the students are more or less on their own when they take the exams.

"During the first three grades," he said, "the teacher reads out the questions to the children, so they don't actually have to follow written instructions."

"In the fourth grade though," he said, "the teachers hand out the tests and for the first time, they have to follow written instructions and they really don't know how to take standardized tests."

"It's something like the difference between the sixth and seventh grades," Locke analyzed. "All through, elementary school, the students are led through everything. They stand in line to go to lunch. Whenever they go anywhere, the teachers lead them

## South Bay turns down PB housing request

**SOUTH BAY --** The City Commission decided Tuesday evening an ordinance prohibiting any service other than fire and police was the proper answer to the latest in a series of requests for water and sewer service to a housing project just outside the city limits.

The request came from Palm Beach County Housing Authority Executive Director Barry Seaman, whose last request came on Feb. 28, was for a commitment to provide municipal services to a proposed housing project to be located near the city.

The commission resolved at that time to not consider the request, which had also been made earlier, for at least five years.

That decision was based on

feelings the city has received little in return on a housing project already existing inside the city limits and the fact the city would be in a position for some time to provide adequate water and sewer service to the people now residing

in town.

"I thought we'd taken care of that the last time he (Seaman) was here," Commissioner Woodrow "Woody" O'Neal said. "I don't even know why we're discussing it."

"Because they're making the request again. They won't let it go," explained Mayor Billy Wells, who said he and City Clerk Virginia Walker had met recently with Seaman and officials from Farm Home Administration, which is currently in the process of financing water and sewer improvements for the city.

Mrs. Walker said FmHA has requested a letter from the city stating its intentions in the matter.

After some discussion, Commissioner Don Tanner moved to reinforce the earlier decision to not consider the proposal by authorizing City Attorney James Gan to amend city ordinances to prohibit the city from providing services, other than fire and police, outside the city limits.

"I don't want anyone to think I'm against housing," City Commissioner Vernita Cox said. "But I'm not for this low cost housing project." She said it was her understanding the project is used only as steppingstones for people looking for better housing.

Mrs. Cox said she would favor, however, housing geared toward permanent and senior citizens.

"Well, I'm not in favor of using the taxpayers' money," Mayor Wells said. "To provide water and sewer for someone else when we can't provide it for our own taxpayers."

O'Neal concurred, saying he believed the federal government is able to pay for anything it wants but the residents of South Bay have to pay their own way.

O'Neal noted that the city has been promised a payment of something more than \$2,000, which it still hasn't received, for the PBCHA's in-city project's water bill over the past six years.

"I imagine I've paid more than that for my own house over the past six years," he said. "And I'm getting tired of going to a friend's house and having him tell me, 'How about a glass of water from the ice box. I just bought a new keg today.'"

"Our own people are having to buy bottled water to drink all the time," O'Neal said, "and they keep right on paying their water bills."

## City water problem may be unexpectedly solved

**BELLE GLADE --** The city water plant may have already corrected a problem, without knowing it, reported this week in a United Press International wire service story concerning a cancer-causing substance found in the city's water.

Public Works Director Don Sigmon said the city will immediately begin testing to determine the level of trihalomethane (THM) in the city's water compared to a 300 parts per billion which appeared in a recent sample.

But in a conversation with Glenn Dykes of the Department of Environmental Regulation in Tallahassee, who jointly commissioned the study of 115 city water supplies in the state, suggested one method of bringing down the level of THM which Sigmon said was done Friday.

Sigmon called Dykes during a conference Tuesday afternoon with City Water Plant Manager Ed Balmer and chemist Ibrahim Alava and Dykes said the city might consider injecting its chlorine just before the water enters the sand filters at the water treatment plant.

"When I went over to the water plant to see what would be involved with making the change," Sigmon said later that afternoon, "I found the change had been made May 12 but for other reasons."

During the conference but after the phone call to Dykes, Sigmon and Balmer noted the city had already decided to change the place where the chlorine is injected into the water system because of an economic problem.

Sigmon said the change had been authorized because too much of the chlorine had been evaporating before getting into the water lines but he was unaware the change had already been made.

Alava and Balmer had already explained that one way of bringing down the trihalomethane count would be to inject small amount of chlorine in several places instead of in one large dose.

Alava said the chlorine was a critical factor in the control of the substance because THM is formed when several molecules of a family of elements called the halogens combines with a molecule of methane.

Simplified, the THM, itself a family of chemicals rather than one substance, is probably caused when chlorine combines

with organic compounds. Alava said the particular THM which is present is chloroform because the other elements which would combine with methane to form THM are either not present or won't combine all that easily.

Balmer also pointed out that 300 parts per billion, the amount of THM found in the Belle Glade water system, is an extremely small amount, about the equivalent of less than a teaspoonful in a one million gallon tank of water.

"One part per million," Sigmon said, "is the equivalent of one mouthful of food compared to all the mouthfuls a person will eat in a lifetime. And this is one three hundredth of that amount."

Sigmon went on to say that while he knew the samples had been taken by Florida International University as part of a grant from DER and the Federal Environmental Protection Agency (EPA), he didn't know until told by Dykes during the telephone call Tuesday what the results were.

He said he didn't know the source of the wire story, which didn't give detailed information on the findings in any one of the cities tested. The wire story indicated that Belle Glade was one of 32 cities in the state, in a test of 115 cities, over which the EPA had expressed concern.

Sigmon said Dykes also informed him the EPA hasn't set any standards on THM in water as yet. "The EPA is going to set standards. We know that but we don't know when they'll be set or what they're going to be."

We don't know whether they're going to be 100 parts per billion, or 200, or 300, or 500," Sigmon said, "but they'll probably be somewhere under 500 parts per billion."

In any case, Sigmon said, and Dykes pointed out in the conversation, Belle Glade wouldn't be found in violation by the EPA because the standards, when they're set, will only apply to cities with populations in excess of 75,000.

"But were not going to wait, even if we're not effected," he said. "We're going to go ahead with the tests anyhow and since we moved the chlorine input lines, I'm particularly interested to see how we're going to come out. We may already be all right."

## Senator Stone to visit the Glades

**BELLE GLADE --** U.S. Senator Richard Stone's projected visit to the Belle Glade - Pahokee - South

bay area Saturday is expected to cover six farming operations and provide him with information for a

May 25 hearing on competition between American farmers and Mexican imports.

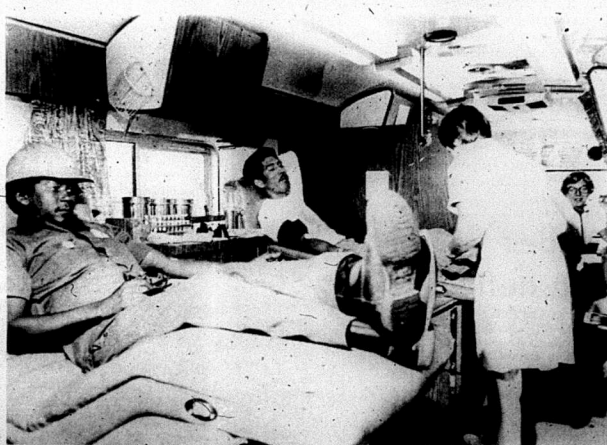

The trip is an extension of hearings Stone has already held in Washington on what has been described as unfair advantages held by Mexican growers, as well as a chance to explain a bill Stone co-sponsored which is expected to provide some relief to low sugar prices.

"The Florida growers are making serious charges that Mexican imports have an unfair advantage competing against Florida producers," Stone said.

"I want to take a first-hand look at how Florida producers operate in preparation for the Subcommittee hearing (on May 25)," he said. Stone said his subcommittee will question witnesses from federal agencies as part of its investigation of dumping by foreign producers, differing pesticide regulations that may be unfair to domestic growers and continuing efforts by Mexicans to drive Florida vegetable growers out of business.

During his meetings with farmer in the Glades, Stone will also discuss legislation designed to stabilize the domestic sugar market that was introduced to the Senate in April.

Stone will begin his tour of the Glades at 8:30 a.m. at the offices of Vandegrift-Williams Farms in Pahokee, will proceed from there to 715 Farms, Pioneer Farms, South Bay Growers Cooperative, Duda's Park House and will wind up his visit with luncheon at the Sugar Cane Growers Coop

**BLOOD DONORS** Lonnie C. Brown and Freddie Hernandez were among the 32 Quaker Oats employees who contributed a pint of blood Friday when the Palm Beach County Bloodmobile rolled up to the local

plant. Quaker spokesman Chuck Roessing said Quaker's account now holds about 150 pints which can be drawn in case of an emergency by any Quaker Oats employee or family member.

## GOP BBQ is Saturday

**BELLE GLADE --** Members of the Glades Republican Club will honor Charles Goddett for his many years as Belle Glade Police Chief and Director of Public Safety Saturday when the club holds its annual barbeque at the Municipal Marina Club. President Joe Wood said Palm Beach County Sheriff Richard White, State Attorney David Bludworth and Circuit Judge Marvin Mounts will all take part in the presentation ceremony due to take place at 2:30 p.m. Also expected are gubernatorial candidate Lou Frey, Ander Crinshaw, candidate for Secretary of State "and several other legislative candidates."

Mrs. Wood said the barbeque will begin at 1 p.m. and serving will continue until about 5 p.m. She said Claude Tindall is in charge of the "cooking" arrangements and the menu includes barbequed chicken and baked beans, corn on the cob, salad and ice tea.

Tickets are priced at \$3.50 per person and Mrs. Wood said they can be purchased by members of the Sheriff's Detachment in the Glades or by calling club member Michael Miller at 996-2316.

I don't know why it is I manage to initiate new "systems" the week before I'm scheduled to go off somewhere.

It happened last year during vacation when we changed and renovated the press run of the Belle Glade Herald and the Everglades Observer.

The system has worked out fine. It allows us to get more Pahokee news in the Observer and more Belle Glades news in the Herald.

These two papers by a far carry more local news than any other in the area about their particular circulation range.

This week, we made some deadline changes to better serve the public with sports, society and general news.

And it was a good week to be fishing in the Thlathlo Tumka outdoor writers flyfishing contest.

But with our present efficient staff, I often wonder just what my role in this industry is . . . then there are days when that role is pointed out with exclamation points behind it.

Anyway, the deadlines are justified and will result in a better overall newspaper package for our readers as well as a more timely appearance on the news stands around town.

Lee Luce is a mighty impressive young man. And likewise, Sherri Nieson is a mighty impressive and attractive young lady.

But those weren't the reasons these two students received the first Belle Glade Herald Athletic Spirit Award we gave Wednesday night at the Glades Day athletic banquet.

Lee played football for the Gators, but he didn't get to play a great deal in games.

That didn't suit him, however. While covering the games from the sidelines, I never saw him sit down, never saw him look dejected, and always observed him cheering up the fellows who were having a rough time or who were downhearted because the game wasn't going their way.

It takes a lot of guts to do that. There's very little glory attached to riding the bench, yet having to come to practice each day and take the knocks.

But Lee did it each day and every game.

Then there is Sherri. Like Lee, she played in a school sport, softball. And though she lettered, like Lee, she received no trophy for her athletic abilities.

But that didn't stop her from attending virtually every athletic event and cheering up those who play with kind words and a great deal of enthusiasm.

Lee says he wants to become a physician's assistant, a noble goal in life. Sherri said she would like to become an engineer.

I have no doubts either of these young people will realize their goals in life. The kind of drive and spirit they have will allow them to do no less.

By the time you read this, my own particular sporting event will be over.

Like I said earlier, I'm fishing in the Thlathlo Tumka event in Glades County this year and Thursday morning, it'll be safe to say I've finally had my fill of flyfishing . . . for a while, anyway.

Thlathlo Tumka was dreamed up over ten years ago by Harold DeTar, a man I consider to be THE top promoter of Lake Okechobee.

It was designed to increase the sport of flyfishing on the lake by encouraging outdoor writers to report on the availability of big panfish and this sporty way to take them.

The contest was an instant success and has prompted many more people to enjoy flyfishing for the sport.

But to me, that main point of the contest is the comradeship among the contestants. For to these seven years that I've covered Thlathlo Tumka, I've been a "sideline" who attended the banquet and the evening meals, tipped a cup or two with some of the best-known writers in the business, and enjoyed it thoroughly.

How these fellows "work" is where the real story is to me and I'll give a complete report on it next week.

# Opinion

## Saddle up, Mr. Seaman

Some people just don't know when they're not wanted and the Palm Beach County Housing Authority seems to be one of them.

PBCHA Executive Director Barry Seaman has appeared before the South Bay City Commission several times over the past year seeking some commitment that the city would supply water and sewer for a new housing project near the city limits.

With the bad taste of a 66-unit project inside the city limits still in their collective mouth, the commission hasn't been inclined to go along with Seaman's request and has let him know the feeling in no uncertain terms.

The commissioners are unhappy because, in exchange for the project property being taken off the tax rolls, the city is rewarded with a long-promised but so-far-undelivered sum of some \$2,000 for the water the 66 units have consumed over

the past years, more than a bargain in anyone's language.

They can also bask in the questionable warmth of knowing South Bay residents have no more chance of getting into the project than do citizens of any other community in Palm Beach County . . . despite promises made when the project was first brought up several years ago.

On other benefit the commission can realize, in the words of Commissioner Vernita Cox, is the knowledge the tenants of the existing project "put nothing into the community" while extracting water, sewer, garbage and police and fire services.

But some people just can't take a hint so it's small wonder the city leaders decided Tuesday night to slam the door in the face of anyone outside the city requesting anything but an emergency service such as fire or police.

With the door slammed in his face for the third time, one would think it's time for Brother Barry to saddle up and drift off into the sunset . . . or wherever.

## Garbage in, garbage out

Roadside garbage pickup looks like it's coming to Belle Glade.

The Belle Glade City Commission decided during a recent workshop session to experiment with a semi-automated roadside solid waste (the current euphemism for garbage and trash) pickup and despite the concern of some residents, the city is apparently going to "have a go" at it.

And while we aren't particularly fond of the idea of having garbage cans, even if they are on wheels and they all look alike, on the roadside two days of the week, backyard garbage pickup is a thing of the past.

It's a two-pronged problem of economics and esthetics. The esthetics is that no mother today is going to encourage her son to become a garbage man.

Nobody really wants a job where they have to come in direct contact with somebody else's coffee grounds and that leftovers that have been collecting mold and aroma in a garbage can for anywhere up to three days.

Nobody really wants a job hefting 80 to 90 pounds onto their shoulder, dodging obstacles such as clotheslines and ill-tempered dogs, with fringe benefits such as infection from garbage coming into direct contact with a scratch and bad backs.

## Glades has rain deficit

**BELLE GLADE**—Despite starting the year with an excess of rain, the rainfall for the first four months of 1978 show a 2.05 inch deficit compared to the 84 year average according to figures released last week from the Agricultural Research and Education Center.

Dr. Robert Allen reported there was a total of 1.94 inches of rain in the AREC in April, building the year's total of 7.46 inches. The 54-year average is 9.51 inches.

There was an excess of 0.22 inches of rain in January but there has been a deficit in each of the three months since then.

## Chief Charlie

When the Glades Republican Club honors Charles Goodlett at their annual barbeque Saturday, it will mean that much more public recognition for the Belle Glade Director of Public Safety and former police chief.

It won't be the first such recognition but that makes it no less deserved and it's also an indirect recognition of the Belle Glade Police Department.

Goodlett built the department into a first-rate organization and to many Belle Glade residents, he's still "Chief Charlie," one of the best known people in town.

Police officers are all too often derided in this day and time and it isn't too often someone who displays the old-fashioned virtues of pride, integrity and guts is all that popular or even that well known.

And that's why it's doubly satisfying to join the Glades Republicans in their recognition of Chief Charlie.

## CRACKER CRUMBS

BY DEAN JONES

The White House studies Harris and Roper and the television industry depends on Nielsen. I don't know what all kinds of sophisticated technological goodies those high falutin' big city editors use but I've always found a small town barbershop is the best place around, with the possible exception of the fire house, of tapping the public pulse.

And if there aren't enough customers where I go, then Skipper the Scalper, his appellation, not mine, (I surprise a few people myself, Skipper) has enough opinions and volume to make up for everything I might be lacking.

Went strolling into Skipper's Clip Joint last Friday, ready for nothing more than a snooze in the chair while Skipper trims my rapidly thinning tresses and (it jumps on me with both feet).

Charles Schiele was in the chair when I walked in and he had a grin like a cat with a canary on its breath and before I could so much as park my carcass to wait for my turn, Skipper wanted to know how much it would cost for him to buy an ad for the front page.

I told him the front page ain't for sale and Charles opined he'd do better with the editorial page anyway and I let'em know real quick it ain't for sale neither (So what if it ain't good English, the masses understand).

That settled, Skipper wanted to know what it would take to get on the front page and I told him all he had to do was wait till I got my camera and do something exciting like carving a new ear-to-ear smile on Charles' face while I snapped a few pix.

Once we got Charles settled back down, we finally got to the meat of the problem. Skipper was one of the contractors in town who didn't get the word on the new water and sewer development fees until it was too late and he didn't like it worth a darn because he'd planned on building a 16-unit apartment.

When I told him, yes, the fee ordinances were advertised in two legal notices plus an eighth of a page ad in the Herald and Charles said he'd gotten a cutback about who was getting next to whom, Skipper really hit high gear.

He was going so strong there for awhile, Charles and I were both getting a little alarmed at the way he was waving his straight razor around.

And when Charles and I both agreed the city should've started assessing the fees years ago and he'd just be getting the money back out of his tenants, he hit overdrive.

That was about the time Charles started making shushing motions at me while keeping his eyes on that glittering razor making sunlight flash every time it swooped past his head.

And even if we did finally cool Skipper down a bit by the time Charles made good his escape, I wasn't feeling none too safe myself by the time I stepped into the chair and Skipper started cutting on a licensing, like in contractors.

Didn't make him feel much better, either, when I told him I didn't have a fixed opinion about the possibility the city might start requiring every contractor, on a building job, as opposed to just the general contractor, being licensed. I told him I hadn't heard both sides of the story, if there were two sides, or three, or four.

It did sorta slow him down though, when he said there were only two sides to the story and I asked him if he had it all nailed down, then what was all that around it.

So-o-o-o, that's when we got into the little discussion about licensing and Ed McGee, who'd been maintaining his cool until then, put his oar in. He said he didn't think too much of licensing because it just creates a bunch of new jobs for people on the public dole.

Personally, I always have thought licenses should be optional. That way, if a guy wants to save on buying a jewel, he can walk on by Tiffany's to Joe's Cheapest Emporium, and if the diamond turns out to be a pastie, he don't have no one to blame but himself.

Let's face it, licenses never have guaranteed the licensee knows what he or she is doing. A case in point came up in another recent discussion when one local type said a doctor's strike in England a few years ago resulted in a drop of 35 percent in the death rate, only it went back up when the doctors went off strike.

BELLE GLADE—Directors of the Chamber of Commerce will host members and non-members in their third monthly coffee and donut social from 7:30 to 9:30 a.m. Thursday, May 25 at the chamber building.

The series of coffee socials, which began in the old Burger World building across SR80 from the Chamber Building, have been held in order to provide input from the general membership on the direction they think the chamber should move as well as an effort to get better acquainted with potential members.

The subject of the social came up Thursday during the regular noon meeting of the board of directors, although a quorum wasn't present.

NEW OFFICERS of the Pahokee Garden Club were installed Tuesday by Florida Federation of Garden Clubs and District 10

chairman Peggy Enders, left. Next to her are the officers, left to right, treasurer Helen Davis, corresponding secretary Lillian Padgett, recording secretary Inez Reeves, vice president Tina Elliott and president Dorothy Williams. The attractive flower arrangement was made by club member Bernice Simonson.

## Belle Glade Garden Club installs officers for 1978

BELLE GLADE — Mrs. Sandra Chamblee is initiating officer for the Belle Glade Garden Club installation of officers at their recent meeting. Officers who will serve next year are: Mrs. Alene McAllister, president; Mrs. A.D. Acree, vice president; Mrs. Verda Mathewson, corresponding secretary; Mrs. Iris Hodges, treasurer. Stand-in for Mrs. Mathewson and Mrs. Hodges, who were absent due to illness, were Mrs. Rada

Bracken and Mrs. Rachel Farmer in that order.

This meeting was a covered dish luncheon in the home of Mrs. Mary McLendon and Co-hostess was Mrs. Rachel Farmer. In the business meeting the club voted to send the president to the State Convention at Daytona Beach at the Plaza on May 17 and 18th.

On May 24th, District 10 will hold a president's conference at Lake Worth.

The final meeting prior to disbanding for the summer will be held on June 1, and will be a covered dish luncheon in the home of Mrs. Bertha Marham. Mrs. A.D. Acree will act as co-hostess for this meeting when the year book will be planned. Club members are reminded to bring a plant for a plant exchange.

## Xi Beta

## Gamma meets

BELLE GLADE — The 223rd meeting of Xi Beta Gamma Chapter of Beta Sigma Phi was held Tuesday, May 9, at the home of Mrs. Vivian Pate.

This was a combination meeting and revealing of secret sisters. The dinner was arranged by the social committee and food was prepared by Mrs. Virginia Anderson, Mrs. Nancy Carpenter, and Mrs. Virginia Lindrose.

Mrs. Flo Jones, vice-president presided over the meeting. She announced committees for the coming year.

## Juniors set final plans for auction

BELLE GLADE — Final preparations for the coming art auction sponsored by the Belle Glade Junior Women's Club are being made this week.

The auction is to be held Saturday beginning at 7 p.m. with a preview and the auction at 8 p.m. at Palm Beach Junior College Glades Campus.

Admission is free and everyone is cordially invited to attend.

# Miss Brown weds John McCusker

**BELLE GLADE** — Miss Kathryn Ann Brown of Belle Glade became the bride of John Thomas McCusker Jr. of Knoxville, Tenn. May 6 in a double ring ceremony at St. Philip Benizi Catholic Church with Father Paul Saghy officiating.

Miss Brown is the daughter of Dr. and Mrs. Roy W. Brown of Belle Glade and the groom is the son of Mr. and Mrs. J.T. McCusker of Knoxville, Tenn.

Miss Jackie Fleeman sang "The Wedding Song" and "The Wedding Prayer" with Mrs. Karen Corbin accompanying her on the organ.

The bride wore a sweeping gown of Ivory Seta Peau, re-embroidered Alencon lace scattered with tiny seed pearls emphasizing the fitted bodice and defining the sheer yoke. Lace extended to a crown collar and down to the fitted portion of the lantern sleeve. A finishing touch of Alencon lace circled the skirt and chapel train.

The bride's chapel length veil with a fingertip blusher had matching lace motifs scattering the scalloped edges of chapel length illusion. The motifs also covered the Camelot cap and edged the veil.

The bride's bouquet was a cascade style of candlelight Georgiana orchids, phalaenopsis orchids, stephanotis, string pearls, crystal prism drops, foliage and candlelight satin-wrapped curls.

Miss Deborah Brown, sister of the bride, was the maid of honor. The bridesmaids were Miss Mary Ethel Brown, sister of the bride, Mrs. Susan Fetkus, cousin of the bride, Mrs. Emmy Chandler and Miss Kerela Schilling.

The attendants wore floor length gowns of soft coral jersey knit. The cowl necklines were enhanced with a removable blouson cocoon jacket of chiffon. The maid of honor's bouquet was a cascade of green cymbidium orchids, peach stephanotis, foliage and green satin wrapped curls. In her hair, she wore a small bouquet of the same flowers. The bridesmaids' bouquets and hair adornments were fashioned after the maid of honor.

Steve McCusker was the best man and the groomsmen were Greg McCusker, Jim McCusker, Moffitt Goodson and Roddy Townsend.

The bride's mother wore an aqua chiffon dress with soft coral flowers and chiffon cape. The groom's mother wore an apricot colored chiffon dress with an accordion pleated skirt. The

mothers and grandmothers wore corsages of white cattleya orchids, stephanotis, foliage and white satin curls.

The church altar was decorated with lady palms and twin arrangements of white fuji mums, gladioli, and jock straw pompons. The smilax-draped kneeling bench was flanked by brass spiral candelabra garlanded with string smilax and large baskets of white gladioli, fuji mums, chrysanthemums and fuji pompons. The reserved section pews were marked with single brass candelabra garlanded with string smilax and topped with white satin bows.

A reception was held after the service at the Elks Club with Miss Sharon Thiebaud and Mrs. Lois Davis serving while Miss Patricia Miller was in charge of the bride's book.

The lodge room was decorated with areca and lady palms and each table was laid with white linen cloths and centerpiece arrangements of peach gladioli, chrysanthemums, peach daisies, white jock straw pompons and candles. The buffet tables were laid with tiered, floor length embossed organza cloths and decorated with five foot gold candelabra and smaller gold candelabra garlanded together

with string smilax and peach gladioli blossoms and peach daisies.

The five-tiered wedding cake was topped with the bride's parents' china bride and groom and decorated with candlelight stephanotis, parvum lilies and string smilax. The cake rested on a round table covered with a floor length, tiered cloth of white embossed organza. Over the cake stood a white gazebo garlanded with flowering boxwood and topped with two large white doves.

On either side of the cake table were twin tables laid with white embossed organza floor length cloths and holding a champagne fountain topped with an arrangement of peach daisies and a candle and silver punch bowl. Twin epergne arrangements of peach gladioli, parvum lilies, peach fuji mums and peach daisies in silver candelabra garlanded with string smilax completed the bride's tables.

The bandstand was banked in palms and twin baskets of white mums, glads, fuji mums and pompons.

The bride wore a peach linen suit with blouson jacket for her wedding trip. She wore a corsage of stephanotis, white north star

cattleya orchid, foliage and satin curls.

After a honeymoon trip to Tybee Island, Ga., the couple will make their home in Knoxville, Tenn.

The bride is a graduate of St. Ann's High School in Palm Beach and holds a bachelor's degree in social work from LaGrange College in LaGrange, Ga. where she was a member of Kappa Delta Sorority. She holds a masters degree in special education from the University of Tennessee.

The groom has a bachelors degree in Psychology from the University of Tennessee and is employed at the Knoxville Glove Company in sales and public relations.

Out of town guests were present from North Palm Beach, Miami, Tampa, Clearwater, Plantation, Pompano Beach, Fort Pierce, West Palm Beach, Bradenton, Altamonte Springs, Brooksville, Orlando, Lake Worth, Clewiston, Ridgewood, N.J., Baton La., Chicago, Ill., Knoxville, Tenn., LaGrange, Ga., Phenix City, Ala., Buena Vista, Ga., New York City, N.Y., Sandwich, Ill., Atlanta, Ga., Morgantown, W.Va., Silver Springs, Md. and Grant Town, W.Va.

MR. AND MRS. JOHN THOMAS MCCUSKER

## On the Firing Line With God

BY DAN CASSELBERRY,  
CANAL POINT UNITED  
METHODIST CHURCH

**STORY CONTINUED.** Discerning people began to realize that something was amiss. An insidious evil had influenced the highest ranks of their church under the guise of "spirituality." Not any time too soon, the church took action and voted the dismissal of the pastor and forbade the teaching of the layman.

These men had a loyal following which was hurt by the action of the church, and deceived into believing these were righteous men. Thus they parted company with the rest of the congregation. (Fortunately, in time, some of them saw the error they had made before they became completely enveloped by the darkness.)

Having broken the fellowship with the truth and the light of the Christian Church, the group became more secretive and paranoid

and exclusive than it had been before. And the preaching and teaching grew more vindictive and judgmental. The doctrines of wrath and guilt took the place of the Gospel of peace and mercy, grace and love. The joy was gone, and the long dark night had begun for these misled souls.

The great tragedy in this story is the deep and hurtful divisions it has wrought not only in the hearts of men and women, boys and girls, and in the great families of the community, but also in the family of God, the Body of Christ. The Bible tells us that when one member of the body suffers, we all suffer.

"But the Holy Spirit tells us clearly that in the last times some in the church will turn away from Christ and will become eager followers of teachers with devil-inspired ideas." (I Timothy 4:1, TLB.)

**NEXT WEEK:** "Who Is To Blame?"

## Library starts reading program

By Janean Campanaro  
City Librarian

Belle Glade—The Summer Reading Program will be starting at the Public Library the week of June 12. We invite all children who will be going into kindergarten, first, second, third, and fourth grades to

come down to the library and sign up for one of the four groups that we will be having.

Those boys and girls who will be going into kindergarten first, and second grades should come at 11 on Monday or 11 on Wednesday. For those youngsters going into third and fourth grades we would

like you to come at 1 p.m. Wednesday or 11 a.m. on Thursday. The Summer Reading Program will continue through to the last week of July.

Included in this year's program will be movies, stories, crafts, and a surprise or two.

Please come down to the library between now and June 12th and sign up for the Summer Reading Program.

We would like to take this time to remind you that we show films every Saturday afternoon at 1:00. If you have any questions feel free to stop in or call the library at 996-3453.

Some used to say bathing in dew gathered from lilacs would make a person beautiful all year long.

# Christian Comments

BY BILL ANDERSON  
Pastor, First Baptist Church  
South Bay

There is a vital connection between the Bible and prayer. When we pray, we speak to our Father; and when we read the Bible, our Father speaks to us. God's Word prepares us for prayer by revealing the Father's will. Then, as we pray according to His revealed will, God is true to His Word and answers our prayer.

Listening to God's voice as we read His Word is the secret of assurance that he will hear our prayer. It was God speaking through Isaiah who said, "Incline your ear, and come unto me; hear, and your soul shall live..." (Isaiah 55:3). It was Daniel who said, "O my God, incline thine ear, and hear..." (Daniel 9:18).

God speaking to man through His Word says, "Incline thine ear." Man speaking to God in

prayer says, "O my God, incline thine ear." God's answer will depend on ours. The importance of God's Word to us is the test of what He Himself is to us. Jesus make this fact quite clear when he said: If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you" (John 15:7).

To receive answers to prayer, this truth must become a reality. As His words abide in us, His will rules us and our will becomes the instrument to exercise obedience.

As God's Word enters our heart and becomes our life, then our words in prayer will enter His heart; and in full confidence we can "ask what ye will, and it shall be done."

The great men and women of the Old Testament recognized that answered prayer was dependent on their obedience to God's Word.

If His Word was a command, they simply did as the Lord had spoken: "So Abram departed, as the Lord had spoken" (Genesis 12:4). On the other hand, if His word was a promise, they knew they could count on God doing as He had spoken. When God spoke, they were obedient; and when they prayed, God answered their prayers. He expects no less of Christians today, and Christians can expect no less from God today. "Beloved, if our heart condemn us not, then have we confidence toward God, and whatsoever we ask, we receive of him, because we keep his commandments, and do those things that are pleasing in his sight" (1 John 3:21-22).

God Bless You  
Bill

HOMECOMING MINISTERS participating in the first homecoming at Community United Methodist Church held recently were the Rev. Randall Parson, now of Apopka, the Rev. Mrs. John A. Dulany, the Rev. Guldmar Blair (back) and the Rev. Ralph Johnson of Fort Lauderdale.

## DOOR OPENERS

Keys and churches are door openers. In both cases, each require you to put forth some effort. The key you must insert in the lock and turn. Our Lord made the way to heaven even easier, for all that you have to do is present yourself and believe.

*"For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works lest any man should boast: For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them."*

EVERYONE IN THE CHURCH  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.

## Beauty pageant winners named

**BELLE GLADE**—Winners were named in three age divisions of the Annual American Beauty Pageant April 16, at the Belle Glade Civic Center. The winners were chosen for beauty, poise and personality and are now eligible for state-wide competition to be held at the Sans Souci Hotel in Miami, June 21-25.

Winners in the Tiny Division, ages 3 through 7, were Queen Michele Thompson; first runner up, Lyn D. Ann Barger; second runner up, Nicki Rushing; third runner up, Stacy Grindstaff; and fourth runner up Wendy Miller.

Winners in the Little Division, ages 8-12 were Queen Nicki Barnes; first runner up Deena Lynette Lee; second runner up

Amy Fischer; third runners up Cindy Burchesky and Sandy Mullis; fourth runners up Kimberly Chamblee, Mary Lynn Thompson and Marietta Rodriguez.

Winners in the Junior Division, ages 13-16, were Queen Melissa Miller; first runner up Brenda Curtis; second runner up Debbie Parker; third runner up Andrea Turbeville; fourth runner up Pam Burckett.

All contestants received special gifts and two free photographs. The runners up also received personalized trophies and the Queens won a crown, banner and their entry fee paid to the State Contest, in addition to the above prizes.

## Area obituaries

EARL BATCHELOR

Earl J. Batchelor, age 68 of Highway 441, Canal Point died Sunday, A Native of Cardwell, Missouri, he was a resident of the Glades for 22 years.

Survivors include his wife Mary, three sons; Frank of Pahokee, Hulen of Indiantown and Elzlie of Canal Point, two daughters; Mrs. Frances McLeod of Belle Glade and Mrs. Betty Pitts of Canal Point, 11 grandchildren and four great grandchildren.

Services were held Tuesday, 10:00 a.m. at the Wetherington Funeral Home Chapel with Rev. William Fulk officiating. Interment was at Port Mayaca Cemetery, pallbearers were: Bill Elliott, Charles Stokes, David Sullivan, Lonnie Craton and Roma McDaniel.

Wetherington Funeral Home, Pahokee was in charge of arrangements.

KATHRYN LLEWELLYN

**BELLE GLADE**—Funeral services for Kathryn Llewellyn, 50, were held Monday at the Mixson Funeral Home Chapel, conducted by Neal B. Walker.

Mrs. Llewellyn was born in Texas and moved to Belle Glade in 1951 with her husband, Dr. P.W. Llewellyn, making their residence at 1301 South Main St. She was a member of the Church of Jesus Christ of Latter Day Saints.

Survivors, besides her husband, include two sons, Paul M. Llewellyn of Rhode Island and Greg S. Llewellyn of Belle Glade and one daughter, Doris Ann Carvalho of West Palm Beach.

Mixson Funeral Home was in charge of arrangements.

The sun is 110 times larger than the earth.

## Circle holds last meeting until Sept.

**PAHOKEE**—The Simonson-Liar Circle of the United Methodist Church of Pahokee holds its last meeting before September, breaking off during the summer months.

The women met in the church parlor with seven in attendance. Mrs. Uldene Todd presided, with refreshments served prior to the meeting by hostess Mrs. Adeline Stuckey.

The usual reports were given and filed before Mrs. Todd presented the program on "Native American Women Consider a Goal." The program centered on the native American Indian women who aspire for a better life.

The meeting was closed with prayer for the sick, shut-ins and bereaved. The next meeting in September will be hosted by Mrs. Rabina Blakey.

## Recruiter of the year

**PAHOKEE**—Be the person who recruits the largest number of "First-time" donors, minimum of 15, and you'll win the V.M. Johnson Award from the Palm Beach Blood Bank and be tapped 1978 "Recruiter of the Year."

Dr. Johnson, Chief pathologist at Good Samaritan Hospital, is Medical Director of the community blood bank and its founder.

Anyone can enter but must first recruit 15 new donors for the Palm Beach Blood Bank. The bank will keep a tally for each contestant. Credit will not be given to new donors at a blood drive.

For your personal "recruiter cards" and more information, call Everglades Memorial Hospital, our local branch of the blood bank, at 924-5201 Mondays between 12 noon and 8 p.m.

**AMERICAN BEAUTY** Pageant Queens Nicki Barnes, daughter of Mr. and Mrs. Dudley Barnes; Michele Thompson, daughter of Mr. and Mrs. Michael Thompson and Melissa Miller, daughter of Mr. and Mrs. Johnny Miller.

## GED given

The Department of Adult and Community Education announces that the Florida High School Equivalency Dipolma Test (G.E.D.) will be given July 11 and 12 at the Adult Education Center, 1235 15th Street, West Palm Beach.

Application for the test must be made at least one week in advance and it will be given from 8:30 a.m. to 12:30 p.m.

The G.E.D. Test is offered weekly throughout the county. For additional information call the Adult Education Center at 996-5216.

## Free meals available to students

**BELLE GLADE**—A program to provide free meals to qualified children enrolled at any one of three area child-care centers was announced Tuesday by the Florida Farmworkers Council.

Area Coordinator Gail Stanley said the Child Care Food Program will be available at the Council's Lake Harbor, Fremd Village and Okeshobee Child Development Centers.

## Spooner promoted

**MINOT N.D.**—Steven A. Spooner, son of Mr. and Mrs. M.J. Spooner of 1025 N.E. 27th St in Belle Glade has received his first promotion in the U.S. Air Force.

Spooner, promoted to airman, recently completed technical training at Sheppard AFB, Tex., and is now assigned at Minot AFB, N.D. He serves as a construction equipment operator with a unit of the Strategic Air Command.

Airman Spooner is a 1976 high school graduate.

## Three GCI employees graduate with training

BELLE GLADE — Three Glades Correctional Institution (GCI) employees were recently graduated from the minimum standards course at Correctional Training Institute (CTI) at Raiford.

Linda L. Bohannon, William E. McProuty and Debra S. Vaughn were part of the 29th CTI group, which was taught in conjunction with Lake City Community College. The graduates earned nine semester credits for successfully completing the full time, 160 hour course. The program includes instruction

in the Criminal Justice System, legal aspects of corrections, operational procedures, principles of supervision, human relations and technical training skills which include firearms, first aid and fire fighting techniques.

The curriculum, required by law for correctional officers, is designed to intensify the exposure of the officer and to develop him or her professionally. The participants will continue their training with an additional 160 hours taught by regional instructors at GCI.

## Time for registration

CANAL POINT—The Canal Point Elementary School will hold its Kindergarten Round-up Tuesday, May 23rd from 8 a.m. to 1 p.m. The round-up will be held in Room One at the Canal Point Elementary School.

The children will be registering for the 1978-79 school year. To be eligible for acceptance, the

children must be five years old by January 1, 1979.

Before entering school in the fall, all children registered must have a birth certificate, must have a dental check-up and a physical examination. They must also have been immunized for tetanus, diphtheria, whooping cough, polio, rubella, measles, and mumps.

## Prayer film to be shown

SOUTH BAY—A film on "The Power of Prayer" will be shown at 7 p.m. Sunday at the First Baptist Church in South Bay according to the pastor, the Rev. Bill Anderson. The film, Rev. Anderson said, is an attempt to answer the questions of why, how and for what we should pray, along with what is

thousands of years of Jewish history and how they pertain to prayer.

"The Power of Prayer" features such Christian spokesmen as Dr. W.A. Criswell, Dr. John P. Walvoord, Josh and Dottie McDowell, Chaplain Ray and Dr. and Mrs. Howard Hendricks. They expound on what the Bible says as to the how and why of prayer and their own personal experiences.

The opening moments of the film are spent in Israel, examining

## Library needs old magazines

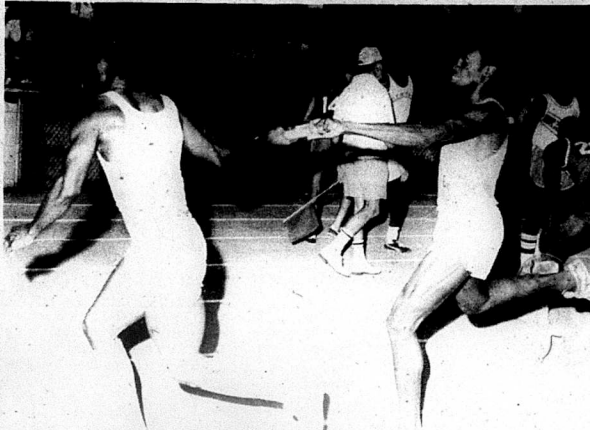

By: Janean Campanaro  
City Librarian

**BELLE GLADE**—Quite often people help their library by donating money or needed books. The Belle Municipal Library needs your help in a special project. Certain magazines are missing from the shelves. The library wants to bind Time, Newsweek, and U.S. News and World Report so that you can use them more easily and so that maybe they won't disappear so quickly.

But first we need the ones that are already missing! If you have a copy that you don't need anymore of any of the following issues, please call the library or bring them in.

Newsweek: November 3, 1975; Time: January 13, March 17, June 30, October 13 all in 1975; U.S. News: August 4, September 15 and 22, March 10, 17 and 24, July 7 in 1976; February 2, 1976; May 16, June 20, August 29 in 1977.

If you can supply any of these, thanks! If you can't, drop by anyway and see what your library can offer you.

**JOE BROWN TAKES** the handoff from Blue Devil teammate Leonard Jones in the state mile relay event in Winter Park. Pahokee

managed a third place spot in the state track meet.

## Pahokee boys take third in 2A state track meet

**PAHOKEE**—The consecutive two-time state championship boy's track team of Pahokee High School dropped from first to third place this year during the state meet held at Showalter Field, Winter Park over the weekend.

Twelve members of the District championship team of 78 made the trip along with Coach Antoine Russell and representatives from approximately 110 other schools from around the state.

Coach Russell had the toughest opponent pegged, having singled them out prior to the final competition, as the one to look out for. That team was Hamilton County who came in first with 53

points. Second was Frostproof with 37, third was Pahokee with 34, and fourth was Clewiston with 32.

Coach Russell cited Pahokee's failure to win the top or second place spot as the lack of his runners to place in events and thus score points for Pahokee.

"The bright spot about this team," Coach Russell noted, "is that it's a young team with mostly young players who will be coming back next year. Only Marcus Manuel and Joe Brown will be graduating."

Picking up points for the top third team in the state were Pahokee tracksters George Kelley,

second in the 120 high hurdles; Leonard Jones, fourth in the 100 yard dash and 4th in the 220; Tny Forde, fifth in the mile run; and Stafford Everett, third in the 440 (1/2 mile) run.

Also, Osmond Edwards won the long jump with a 22'2 3/4" jump. Marcus Manuel placed sixth in the high jump and the 440 yard relay team placed sixth.

Other boys who participated in events but failed to secure points were Sylvester Kelly in the 120 high hurdles, Ronnier Osborne in the 220 yard dash, George Collins in the long jump, and Earl Williams in the 330 intermediate hurdles.

## Mental health to meet

**HELLE GLADE**—The regular monthly meeting of the Community Mental Health Center of Palm Beach County Glades Steering Committee will meet at 12:15 p.m. today at the Glades branch at 300 W. Canal St. South.

Glades Branch Director Jean Cogar said lunch will be served and

anyone needing transportation should contact her at 996-2079. Miss Cogar said another meeting important to the committee was held Wednesday when the Mental Health District Board No. 9 met in the Belle Glade City Hall. This was the first time the board has met in the Glades.

# GDS Athletic banquet

## Duda named Athlete of the year

**BELLE GLADE**—Tommy Duda, son of Mr. and Mrs. Edward Duda and standout quarterback and pitcher as well as basketball player, was selected the Athlete of the Year for the Glades Day Gators.

Duda finished his senior year at the local private school by leading his football Gators to a 8-3 record and participated in the 17-6 basketball season. As this is being written, Duda is one of the three pitchers who have contributed heavily toward the 23-1 baseball record.

In addition to the Athlete of the Year Award, Duda has racked up an impressive high school record. He is the member of the Beta Club, varsity football four years, varsity basketball his junior and senior years and JV basketball his freshman and sophomore years and has been a member of the varsity golf squad since the eighth grade.

Along with that, Duda began

baseball this year and as of this writing, has not lost a game as pitcher.

The award was given Wednesday night at the annual Glades Day Athletic Banquet. Many other student-athletes participating in such sports as baseball, basketball, softball, tennis and golf were also honored.

Football awards were given this past winter in a separate banquet. Glades Day racked up an impressive .638 winning season this year in all sports, their won-loss record standing at 94-60. Only two teams, the junior high basketball and the boy's tennis, had losing seasons.

Four teams, golf, JV football, girl's softball, and JV basketball had tied seasons so far as won-loss goes, but the rest all had winning seasons.

Athletic Director Tom King said it was the best season ever for Glades Day athletes.

The covered dish supper in the gym Wednesday night began the

banquet events and James Gressinger, president of the Booster Club, gave the welcome address.

Letters were presented in JV basketball by coach Mike Underwood, to Jimmy Chamblee, Jeff Jones, Ray Towell, Jimmy McMillan, Mark Gressinger, Ed Ballard, Nacho Bueno, Billy Sanchez, Danny Ross, Donnie Coursan, Manuel Phillips, Jason Shelton, Sam Duda, Danny Moore and Robbie Ramsgood.

The trophy for the most valuable player in JV basketball went to Donnie Coursan, who Coach Underwood said was the most consistent player on the team.

Varsity basketball awards were given by Coach Dick Schmidt, who presented letters to Donnie Henderson, Second Team All-Area Small School; Tom Duda, All Area First Team Academics; Johnny Hatton, Mike Stevens, Jon Scruggs, Quique Echave, Third Team All Area Small School; Steve Richie, Basil Markham, Winston Byrd, and Benton Tyson.

The four varsity basketball trophies were presented to Johnny Hatton, Most Improved; Donnie Henderson, Most Valuable Offense; Jon Scruggs, Most Valuable Defense; and Donnie Henderson, Most Valuable Player.

Jim Teets and Keith Byrd were also recognized with certificates for their record-keeping and team management.

Girl's tennis awards were presented by Coach Rita Schoenfeld. Letters were given to Beau Wiggle, Susie Stevens, Denise Hooker, Monica Hooker, Cheryl Hooker, Peggy Ruth Carpenter, Nancy Creech and Evelyn Gaylus. Trophies were given to Denise and Monica Hooker for their outstanding doubles play and to Beau Wiggle, Most Valuable Player.

In Boy's tennis, Coach Underwood presented letters to Mike Stevens, Philip Dalany, Chuck Lane, Steve Wilson, Terry Kirchan, Clay Connell and Bill Cochran.

The Most Valuable Player was Mike Stevens.

Coach Byron Walker presented the golf letters to Jessie Lee, Frank Davis, Tommy Duda, Sammy Duda, Harry O. Walker and Larry Fowler. The Most Valuable Player trophy went to Tommy Duda.

Softball letters were presented by Coach Mandy Perez to Penny Brown, Melonie Swager, Terri Gressinger, Debbie Falk, Sherri Nieson, Louise Herring, Murray Cranford, Diana Morgan, MeMe Fowler, Beth Adams, Debbie Bair, Lisa Smith, Janie Priest, Kelly Teets, Bobbie Lou Markham, Denise Morgan, Donna Fowler, Donia Adams, and to Jim Teets and Tommy Wilson, scorekeeper and batboy.

Team trophies were presented to Donia Adams and Lisa Smith by Coach Perez.

No trophies were given to the baseball team as the team is still in contention and will vote on them later. As of Wednesday night, the baseball team's record was 23-1 with the regular and state games to go.

Letters were presented by Coach Tom King to Howard Ayres, Kenny Buckner, Nacho Bueno, Jose Cano, Dick Crockett, Tommy Duda, Sammy Duda, Quique Echave, Bernie Fernandez, Mark Foster, Elmer Miller, Miguel Perales, Jesus Ramos, Steve Richie, Pedro Rodriguez, Billy Sanchez, Richard Schiele, Mike Stevens, Jason Shelton, Tommy Swager and Benton Tyson.

The Belle Glade Herald, represented by publisher Biff Lampton, presented a new award "Athletic School Spirit" to the boy and girl who supported the various teams most during the year. Receiving the plaques were Lee Luce and Sherri Nieson. The award will become an annual one.

Kenny Buckner, representing the student body, presented the Fan of the Year plaque to Mr. and Mrs. Tom Swager for their contributions over the year.

Cheerleaders receiving letters for the year included: Donia Adams, Denise Hooker, Monica Hooker, Terri Gressinger, MeMe Fowler, Bobbie Lou Markham, Anna Rivas, Louise Herring, Gena Reeves, Donna Fowler, Charise Dermody, Debbie Hall, Diana Morgan, Cheryl Hooker, Penny Brown and Sherri Brown.

**TROPHY WINNERS WEDNESDAY NIGHT** at the Glades Day Athletic banquet included Tommy Duda, golf; Cheryl and Monica

Hooker, girl's doubles tennis; Beau Wiggle, girl's tennis; and Mike Stevens, boy's tennis.

**BASKETBALL TROPHIES** were presented to Donnie Henderson, Most Valuable Varsity Player and Most Valuable Offense;

Johnny Hatton, Most Improved; John Scruggs, Most Valuable Defense; and Donnie Coursan, Most Consistent JV player.

**GLADES DAY SCHOOL SPIRIT** was exemplified by Lee Luce, Mr. and Mrs. Tommy Swager, and Sherri Nieson during the awards banquet last Wednesday. Lee

and Sherri won the Belle Glade Herald Athletic School Spirit awards for boys and girls and Mr. and Mrs. Swager won the Fan of the Year award.

**SOFTBALL TROPHY WINNERS** included Donia Adams and Lisa Smith. The awards were presented by coach Mandy Perez.

## Spaghetti supper May 19

**PAHOKEE**—The Church of God of Prophecy in Pahokee is sponsoring a spaghetti lunch and supper at the Pahokee Woman's Club Friday, May 19. Serving will begin at 12 noon and last until 7:00 p.m.

You can eat there or take-outs will be available. Tickets are now on sale. The plates will be \$2.25.

This supper is the climax of a Building Fund Drive for local church improvements. The church goal is set at \$1,000 with members counting on this supper for a major portion of the funding. The community's cooperation will be deeply appreciated along with any tax-deductible donations.

Pastor Steve Pittman said, "The money will be used for such purposes as roofing, air conditioning, paneling and carpeting." For more information contact the church at 924-2484.

## Grace Jernigan Circle meets

**PAHOKEE**—The Grace Jernigan Circle met Tuesday night, May 9th, at the home of Mrs. W.M. DuBose.

Mrs. Wilburn Fletcher introduced the program entitled "Making the Gospel True for Indonesians." Those taking part in the program were Mesdames DuBose, Charles Maxson, Frank Thompson and Mary Hammond. A lively discussion followed the interesting program.

Mrs. Carl Storey, chairman, presided at the business meeting, which involved routine matters. Regular offering was taken for the Baptist Children's Home in Lakeland.

Mrs. DuBose served a delicious salad plate, ice tea, and cheese crackers to the ten members present.

Mrs. Storey was presented a silver salad serving set in recognition of her service to the Circle and as a going away present.

## PHS All-sports banquet May 31

**PAHOKEE**—The Pahokee High School Athletic Council will be sponsoring the Annual All-Sports Banquet to be held May 31, at 7:30 p.m. in the High School cafeteria.

Tickets for the banquet are available in the main office of the high school at a \$5 donation per person. Awards for participants in all sports will be presented during the banquet.

## CDS annual luncheon held

**BELLE GLADE**—The concerned parents of Christian Day School is closing their school year with their Annual Salad Luncheon. The luncheon will be held at the Civic Center at 11 a.m. on May 20.

All friends are invited to come out and enjoy a buffet salad luncheon.

To climax the day, there will be an auction of many items beginning at 12:30 p.m.

## Coast Guards announce record enrollment

**BELLE GLADE**—Members of US Coast Guard Auxiliary Flotilla 65 were a part of a national program under which the Auxiliary instructed a record enrollment of almost 600,000 students in 1977 boating courses, both power and sail, according to H.A. Beeks, public information officer of the local unit.

Beeks noted that more than 3 million students have learned the fundamentals of safe pleasure boating in auxiliary courses over the past eight years.

He said June 3-11 is National Safe Boating Week, "and we need new members." Beeks said he could be contacted at 996-2267.

He said a new record of 352,756 courtesy marine exams was set in 1977 and over the past eight years, auxiliary vessel examiners have examined the safety equipment of 2.3 million recreational vessels.

During the past year the auxiliary made available for service to the Coast Guard more than 14,300 member-owned facilities, including vessels, aircraft and radio stations.

The auxiliary was created as a component of the Coast Guard by act of Congress in 1939. Today it has more than 1,400 flotillas throughout all Coast Guard districts. Membership is open to all qualified men and women who are American citizens and 17 years of age or older.

**KATHERINE PRICE** was on hand Tuesday when Katherine Price Foundation President John Cowart and Secretary-Treasurer Charles Modecki announced the receipt of a \$15,000 check from the United Thank Offering Fund of the Episcopal Church of

the United States. Cowart said the check is in the form of matching funds and the foundation already has \$5,000 cash and is borrowing another \$10,000 from Everglades Federal Savings and Loan Association.

Next to the sun and the moon, the planet Venus is the brightest object in the sky.

## Financial paperwork approved for solid waste facility here

BELLE GLADE — Approval for preliminary paperwork to finance a \$5 million regional solid waste disposal facility in Belle Glade was given Monday night by the Glades Budget and Policy Advisory Committee (BPAC) of the Palm Beach County Solid Waste Authority.

But if the BPAC is looking more and more toward a public bond issue as other methods of financing are closed off or becoming increasingly less likely, the BPAC members encouraged Authority.

But if the BPAC is looking more and more toward a public bond issue as other methods of financing are closed off or becoming increasingly less likely, the BPAC members encouraged Authority Executive Director Tim Hunt to try to hire someone to pursue a grant to help pay the cost.

"It looks like a public bond sale may be the only way to go," Belle Glade Mayor Tom Altman said, "but everything looks so right, it seems we ought to be able to get some kind of grant from somewhere. Maybe this is the time to try to get someone to exercise some grantsmanship."

Hunt agreed and said he would look around for a reputable

company or individual to try to find a grant somewhere in the federal bureaucracy, noting that there are a number of funds cubbyholed in various agencies but it takes someone with the time and expertise to find them.

Hunt began the meeting by telling the committee members all efforts to find some way of getting Farm Home Administration (FmHA) to reverse its decision not to loan or grant money for the facility have been exhausted.

Hunt also outlined two other problems, saying the state Bureau of Lands still hasn't delivered the lease authorized by the cabinet in January and that the state Department of Environmental Regulation is requesting more information on the site which will require a study costing about \$35,000.

Financial Consultant Russell Hawkes said he would have the initial paperwork on the bond issue completed in about 30 days but that will be as far as the Authority can go without the lease.

Hunt said he has been trying to get help from various legislators such as Phil Lewis but with little success so far.

In the meantime, Hunt said the information requested by the

DER will require several test borings, samples of water upstream and downstream from the facility site and a hydrological survey.

One of the methods of financing the facility which had been discussed was through a state-guaranteed bond but Hunt said there are no provisions for interim financing under the state program.

A bonus which was part of the study, Hunt pointed out, is that the overall cost of the facility may be reduced considerably because demucking may not be required.

## Application on display

BELLE GLADE — The City of Belle Glade Community Development Department submitted its Small Cities Multiyear Preapplication, covering FY 1978-79, 1979-80, 1980-81 to the Department of Housing and Urban Development on May 12.

Copies of this preapplication can be obtained at the Community Development Office, located at 1224 SW Avenue E Place, Belle Glade, Florida.

## South Bay books, budget to be corrected

SOUTH BAY — The city will have to overhaul its accounting system, and budget, before Oct. 1 or face the possibility of losing state revenue sharing the city commission was told by a financial

consultant Tuesday night. Don Dillard, retained by the city as a financial consultant for a water and sewer improvement project being funded by Farmers Home Administration, told the

commissioners the city's accounting system isn't set up according to government standard practices.

Dillard went on to say the city's budget for the current year also has some discrepancies and will meet with the commissioners next Tuesday to straighten them out.

But, he said, the state will require the city to conform to standard bookkeeping practices by Oct. 1. Should the city fail, he said the state will withdraw all state revenue sharing funds.

"You aren't even being audited according to governmental standards," Dillard said. He went on to say there was nothing wrong with the auditing, that it is being done accurately, but not according to the fashion demanded by the state and now is use by most municipalities.

In addition, Dillard said there

were some discrepancies in the water and sewer budgets for the 1977-78 budget which the commission should correct. He said there was approximately \$74,000 income shown in the budget, which had really come from reserve funds.

"If you already have it," he said, "you can't show it as more income." He said virtually all the city's capital outlays for the year would have to be taken off the budget in order to balance it, even purchases already made.

Dillard said the budget could still be balanced, however, by withdrawing funds from the R&R fund (repair and replacement) kept to make sure bond issues are protected. The funds would have to be built up again but could be used to straighten the budget out.

Before getting into the budget, Dillard said he had also found the

reason FmHA (Farmers Home Administration) hadn't competed the financial transactions on a proposed water and sewer improvement project.

He said the holdup came because the state Department of Environmental Regulation is holding up approval of the water intake until plans are completed by the city's engineers on a filtration plant at the new water intake structure.

Because that is included in the overall project, and FmHA doesn't approve any kind of project unless it is "turnkey" complete, he said, FmHA is holding up the bond issue on the first phase, on which bids were already let some time ago.

## Schools

Cont. from P1

along in a line. They're under constant supervision and they're told everything they have to do.

"But when they get to junior high," he said, "what happens? They're expected to find their own way from class to class. They're more or less on their own and it can be a confusing experience."

Locke said one basic difference the results of the Pupil Progression tests will make will come in this year's summer school.

"In the past," he said, "summer school has been basically recreational but this year, things are going to be different. It's going to be much more intense academically."

Locke stressed the pupil progression test won't determine, by themselves, whether a given student will go on to the next grade or be held back or have summer school recommended for him or her, but the test will be a factor in that decision.

For those students whose parents agree should attend summer school, Locke said they will receive individualized instruction.

"We've talked about individualized instruction before," he said, "but I think we're going to be giving the term a new meaning this summer."

He said the teacher-student ratio will be decreased from the 1:25 in standard classrooms to 1:15, giving teachers more time with individual students.

Another change is that the students will each be assigned instructional packets containing work they are expected to accomplish during the summer school term, with weight being given the areas in which they are weakest.

According to a summary Locke had made up, a total of 1,129 students in the first six grades failed the reading portion of the tests in April compared to 1,459 in November.

He said 847 of the same students failed the math portion of the test

In April compared to 1,029 in November, reflecting a decided decrease in the failure rate among the first six grades.

On the other hand, in the junior high levels, grades 7-9, the number of failures in reading increased from 1,030 to 1,147 and the math failures increased from 789 to 895.

Locke said he had no figures for

the November testing of tenth grade students in reading but the sophomores showed decreases in the failure rates in mathematics.

Unlike the results of the functional literacy test of the juniors, there was little differences in the results of the reading and math sections of the tests for the first ten grades.

## Brown receives plaque

PAHOKEE — Joe Brown, a senior at Pahokee Jr.-Sr. High School, received an esteemed award naming him Athlete of the Year for his outstanding performance in basketball. Only one other player, Oscar Taylor of Lake Worth, received the award from Pal Beach County.

Brown's basketball coach, Eddie Lee Rhodes, explained that 32

players are selected from throughout the state by the Florida Athlete Coaches Association to receive the award. From that list, 12 players from the southern portion of the state and 12 from the northern portion will be chosen to participate in the All-Star game in Gainesville in August.

Coach Rhodes is aware of no other athlete from the Glades who

has received this award prior to Brown. It's a first for the area. Brown was sought after for both basketball and football scholarships but chose to attend Iowa State University and play football next year.

He was on the school football, basketball and track teams. In basketball, Brown made all-conference, all-area and all-state.

JOE BROWN, LEFT and his basketball coach, Eddie Lee Rhodes, hold the Athlete of the Year award Brown received for his outstanding performance on Pahokee High School's team this year. Staff Photo

## Blue Devil girls team on to state playoffs

PAHOKEE — The defending state championship girl's softball team of Pahokee High School are definitely in the running for the third consecutive year. After defeating Coral Shores High School in sectional play at Tanager, Fla., 10-7 over the weekend, the girls go on to Satellite Beach in a state playoff game with West Nassau High School of Calahan, Fla.

The 1:30 p.m. game will take place at Hedgecott Stadium. If Pahokee wins that game, they will play either Umatilla or Melbourne Central Catholic in a 3 p.m. match-up Friday, to determine the final state championship softball team for '78.

In the sectional game, they will Blue Devil Carla Lott was the winning pitcher and Loreta Jones was the winning catcher. No doubles or triples were scored but Carla slammed a home run hit, bringing two Pahokee girls in with her in the fifth inning.

The usual seven inning play went into overtime, with Pahokee scoring three runs in the ninth inning to win the game. The other runs came in the first inning with three runs and the fifth with four runs.

The Blue Devils had ten singles out of 21 hits and 43 times at bat. The winning pitcher struck out two players and walked six on a six team error game.

Coral Shores had 15 singles and hits out of 42 times at bat. Their pitcher had no strike out or walks.

Pahokee coach Gwen Davis is in her second year of coaching the softball team. With no losses last year, she finds this year's winning 11-6 team record less than tops. Nevertheless the awareness that Pahokee has a one in three chance of remaining state champs for the

third year in a row hasn't left her mind.

Coach Davis hasn't scouted around for the good and bad points of her upcoming competition, West Nassau High School, stating, "I like to take it as I get it." She explained, "Sometimes I feel that the less I know, the better off I'll be."

## Free tennis lessons

BELLE GLADE — The Belle Glade Recreation Department announces a series of group tennis lessons for beginners, ages 7-14, to be given every Saturday from 8 a.m. to 9 a.m. at Lyons Park beginning Saturday, May 27. There is no fee for the lesson but participants must supply their own rackets.

Registration will be Saturday, May 20 from 8 a.m. to 9 a.m. at Lyons Park.

For further information contact the City Recreation Department at 996-0100, ext. 243 or 244.

## Sports

## Garrett sets discus record

BELLE GLADE — A Glades Central junior set a new school record Saturday at the state track meet when Freddie Garrett threw the discus 169'9", taking fifth place in the competition at Winter Park.

Garrett was the only Glades Central team member to place in the state Class AAA meet.

The mile medley relay team missed sixth place by two tenths of a second, according to Coach Willie McDonald, with a time of 3:39.7, which placed the Raiders seventh. The medley team members were Michael Collier, Greg Cain, Joe Byrd and Bobby McFeyen.

The mile relay team also missed scoring points by placing seventh with a time of 3:26.2, their second best time this year. The team, made up of Willie Tyler, Don Andrus, Joe Byrd and Allen Johnson, has run the mile four other times this year in less than 3:30 and their best time, 3:23.6, would have been enough to put them more than a second in front of the winner.

"I would like to thank each of the merchants," Coach McDonald said, "who contributed toward the track team's trip to the state meet." McDonald said he was able to gather more than \$400 in less than two days, enough to defray the team's expenses.

Those who contributed to the team were Leroy Nelson Harvesting Co., Carter Electric, Wedgworth Co., Quaker Oats, Dave's Palm Beach Shop, Taylor funeral

Home, Glades Mercantile, Sugar Cane Growers Cooperative of Florida and Florida First National Bank at Belle Glade.

## Summer fun Everglades style

Fun, food and an introduction of Florida's woods and waters are again on the menu for vacation-hungry youngsters at the Everglades Youth Camp.

Opening June 25 and continuing in eight weekly sessions through the middle of August, boys and girls between ages 8 and 14 will get a taste of Florida's unique Everglades heritage.

Archery, swimming, naturecraft and hiking are gently blended with an educational program designed to let the campers experience conservation on a personal basis. Canoe trips around the lake for an "Indian's eye" view of nature, learning that fishing can be fun and that instruction can make better anglers of us all or time spent watching a campfire flicker add spice to this outdoor bill of fare.

And the cost of this week of adventure is only \$60.

An application request to the Florida Game & Fresh Water Fish Commission, 551 N. Military Trail, West Palm Beach, FL 33406 is a great way to start the kids on a vacation of summer fun.

## Glades pony league standings

BELLE GLADE — The 1978 baseball season for the Glades Pony League began Saturday, May 13. The Bluejays won over Ritta Camp by a 9-2 margin with E. Moore getting the win but only after three innings of no-hit pitching by M. Dixon.

E. Thornton and D. Thomas provided the runs with 5 on 2 triples.

South Shore camp won over Sunset A's by a 5-3 score. In another game the Okeechobee Project won over Belle Glade (Clarence) by an 8-6 score. The results of the game between Columbus and Royal's were not available.

### Glades Pony League

Team Standings	W	L
S.B. Bluejays	1	0
South Shore	1	0
Okeechobee Project	1	0
Royal's	0	0
Columbus	0	0

## WHAT YOU DON'T KNOW

Can Put Equipment In The Shop When You Need It on the Job

You've probably found that engines break down when you need them the most. At Conklin we've developed the Preventive Maintenance Program to help cut down on those costly, badly timed equipment failures.

Here's how the program works: Your independent Conklin Distributor uses a sophisticated program of used oil analysis to point out spots where excessive wear and corrosion are beginning to take a toll. Armed with this knowledge, you—with help from your Conklin Distributor—can take action to stop these problems before they result in costly major breakdowns.

The Conklin preventive maintenance

ance products—FUEL MATE, 4POWER, TKO, ARIS, ENDURO and SAFE—clean, protect and lubricate the vital parts of your engine far better than any ordinary lubricants. Special ingredients—like exclusive polar molecules that cling to the metal inside your engine—deliver long-lasting lubrication as they dissolve harmful sludge, gums and varnishes.

Continued use of Conklin Preventive Maintenance Products prevent damaging deposits of dirt and sludge while giving your equipment the finest lubrication protection letting you know about your engines condition, long before it can hurt you.

To find out more about how to put this program to work for you, contact

## Duda squeaks past People's Federal 9-8

By Karen Hansford

BELLE GLADE — The team of A.Duda and Sons edged by People's Federal Savings and Loan and defeated Everglades Farm Equipment as the Glades Lassie League entered its second week of softball at the Dunn ballpark on West Canal Street S.

The wins set up a showdown for Duda, 3-0, against also-undefeated Royals, who beat People's Federal 22-0 in last Thursday's game. Paula Anderson was the leading hitter for Royals in the game, with four homers in four at-bats. Glenda Chavis and Sheila Lashley also knocked in homers for the team.

In other action, Tammy Scruggs singled in the tying and winning runs in the seventh inning for Duda to squeak past People's Federal 9-8.

People's Federal had taken an early lead of three runs in the first inning, with Michelle Peaden hitting a bases-loaded double for the rib's. Lee Pettry slammed a triple into left field for two more as the team led 8-4 after four innings.

Duda's offense finally got going and added three runs in the fifth before the two-run rally in the seventh for its second victory.

The other game of the evening found Nu Kappa and Everglades Farm Equipment's batters going strong, with 18 runs each after four innings before E.F.E.'s Ivette Garcia singled in the go ahead run in the sixth inning for a final score of 19-18.

Base hits provided for most of the scoring, except for a double by Rhonda Bradley of Nu Kappa and Janet Clayton of E.F.E., while Holly Miller walloped the game's only homerun.

Luly Blanchard's double and Kelly Teets' homerun capped a seven run rally for A.Duda & Sons in the fifth inning as the team

pulled away with a 16-8 triumph over E.F.E. in the other game played last Thursday.

It was touch and go for four innings as first Duda would take the lead and then E.F.E.'s girls would rally behind. Two homers by Holly Miller and Tina McBride helped E.F.E. to take the lead in the bottom of the fourth by one run, before Duda tore loose in the fifth inning with six hits and seven runs.

Debbie Valentine's triple in the bottom of the inning helped E.F.E. to score another run, but it wasn't enough as Duda added another three runs and then held them to two in the sixth inning to end the game, 16-8.

The softball standings as of 5/12/78: Royals, 3 wins and 0 losses; A.Duda & Sons, 3 wins and 0 losses; Everglades Farm Equipment, 2 wins and 2 losses; Nu Kappa, 0 wins and 3 losses; People's Federal, 0 wins and 3 losses.

"Old wine and an old friend are good provisions," George Herbert

## Glades Day drops sectional

BELLE GLADE — Glades Day School's baseball team stumbled within sight of a state championship Friday, bowing, 7-4 to Tampa Temple Heights in the Section 3 Class 2 playoff game before a home crowd.

Coch Tom King said that if the Glades had won the Friday game, they would have been in the state championship game today. "I don't think their team was any better," he said. "As a matter of fact, we outthit them, 8-7 but they got a few breaks."

King said the big hitters for the Glades were led by Steve Richey, who blasted in a homerun and a double, and Quique Echave, who hit two for four and a double.

Pitcher Tommy Duda belted out a double, Pedro Rodriguez hit a triple and Elmer Miller hit a double in the losing effort.

King said the Glades wrapped up the season with a 23-2 record and, "we're quite proud of what the boys have done."

## Homeostasis course completed

BELLE GLADE—Richard C. Lalone, R.N., Director of Nursing at Glades General Hospital, participated in the recent meeting of the Nursing Education Committee of the American Heart Association (Palm Beach Chapter) held at Bethesda Hospital in Boynton Beach.

Lalone said all Glades General Hospital nurses who recently completed the 10 week seminar, Assessment and Function of Multiple System Homeostasis, instructed by D. Harden, R.N. and sponsored by the Heart Association and Palm Beach Junior College, have successfully passed the course and will receive certificates.

He went on to say that continuing education for nurses in the Glades now appears to be a reality and will be an on-going endeavor.

A six week course, concerned with EKG interpretation and pharmacologic intervention, has tentatively been scheduled to begin on May 24. As a continuation of the latter, a 10 week course, dealing with the physical assessment and treatment of acute and chronic conditions related to the heart and lungs, is now being planned for the fall of 1978.

Nurses from Glades General Hospital who will receive certificates for successful completion of

the Homeostasis course are S. Ashton, L.P.N.; S. Fernandes, L.P.N.; J. Groves, L.P.N.; P. Hood, R.N.; J. Kennan, R.N.; W. Lowe, L.P.N.; B. Peacock, R.N.; A. Rigdon, L.P.N.; A. Varona, R.N.; L. Weathers, L.P.N.; and S. Yarbrough, L.P.N.

## New marker Buoy in Lake

BELLE GLADE—Anglers setting their sights on a successful fishing trip will encounter a new sight when they visit Lake Okechobee.

A total of 136 new regulatory marker buoys have been installed in the lake to delineate the boundary for commercial net fishing.

The buoys, white cylinders with a large orange circle emblazoned on them, are anchored one-half mile apart around the lake and indicate the one-mile boundary from emergent vegetation.

Regulations prohibit haul seines or trawls from operating within the one-mile limit.

"Installation of the buoys should help eliminate some of the confusion which has occurred on the lake," said Lathan Ager, project leader for the Lake Okechobee research team.

"Fishermen should become acquainted with these markers," he added. "They not only serve as sign posts for the commercial fishermen but are also useful navigation aids for the sport-fisherman."

## La Petite host party

BELLE GLADE—Little Mr. Dermain T. Calloway will celebrate his fifth birthday Friday after, 19 at the La Petite Learning Center. Dermain is the son of Miss Maxine Fletcher of 673 S.W. 4th St.

He enjoys all types of outdoor games and watching cartoons on Saturday mornings.
